TENA Pants Plus Extra Small is particularly suitable for children

For the User: Can easily be pulled up and down like regular underwear which encourages more self-care and helps to promote continence. A very discreet and more dignified solution.

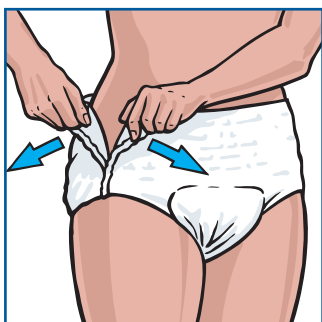

For the Carer: Adhesive strip at the back is used to wrap the used product for easy disposal. Tear-away side seams make removal easier. Fewer products are required, reducing the workload associated with fitting and changing.

For the Purchaser: Reduced product usage facilitated by newly added wetness indicators and continence promotion saves time and money.
